

# Using the Rotary District 6710 Website [www.rotarydistrict6710.org](http://www.rotarydistrict6710.org)

Do you know what you can find on our district website? Visit the website at any time and click on the “sitemap” link on the left-hand side to see the full content of the website!

Some areas of the district website, such as the district directory, require you to be a registered user and to log in before you can gain access. This is to protect everyone's contact information. When you reach one of these restricted areas, you will automatically be prompted to log in. If you do not have a user account, you can easily register for one. Or, if you have forgotten your username or password, you can reset your password.

Take some time to explore the website. If there is something that you would like to see included, contact the district website coordinator, Larry Yates, at [larry\\_d\\_yates@bellsouth.net](mailto:larry_d_yates@bellsouth.net), or Mary Kathryn DeLodder at [mkdelodder@gmail.com](mailto:mkdelodder@gmail.com).

If you are a district chair and would like to know more about maintaining your own webpage, Larry or Mary Kathryn would be glad to work with you. Otherwise, please take a look at your area on the website, and feel free to send them any content you would like added or changed.
